Non Responsive Amendment

The reply filed on 10/30/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant failed to make an election on the third portion of the election of species requirement defining the device positioning. For the sake of efficiency, please clearly outline applicant's election for each requirement. The Examiner is still unclear and fails to find an election of a single device position as shown in the elected system figure or a separate single figure. Figure 1 does not show a position, only a system. If applicant is referring to the position shown in figure 3A, note that this figure shows a posterior approach and not an anterior approach. Please feel free to contact the Examiner to help expedite this application.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruce E. Snow whose telephone number is (571) 272-4759. The examiner can normally be reached on Mon-Thurs.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine McDermott can be reached on (571) 272-4754. The fax phone
